**DETAILED ACTION**  
**STATUS OF CLAIMS**

Claims 5-11; 15-23 and 49-51 are currently pending.

Claims 5-11 and 15-23 were previously indicated allowable.

1. The following is an examiner's statement of reasons for allowance: as to independent claims 5, 15 and 49, the closest prior art of Simsic alone or in combination with other prior art fails to teach or fairly suggest the method or apparatus as recited in independent claims 5, 15 and 49. In particular the key distinction between the closest prior art and the instant claimed invention is that the closest prior art does not rely upon a filter module having a variable filter strength being a function of the motion activity within the decoded video sequence as required by the claims, in combination with other elements of independent claims 5, 15 and 49.

2. Accordingly now claims 5-11, 15-23 and 49-51 are allowed (renumbered as claims 1-19).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
